Alignment of ASCA Domains, Mindsets and Behavior Standards

ASCA Domains

The ASCA Mindsets and Behaviors are organized in three broad domains: academic, career and social/emotional development. These domains promote mindsets and behaviors that enhance the learning process and create a culture of college and career readiness for all students.

The definitions of each domain are as follows:

<p>Academic Development</p>	<p>Standards guiding school counseling programs to implement strategies and activities to support and maximize each student’s ability to learn.</p>
<p>Career Development</p>	<p>Standards guiding school counseling programs to help students 1) understand the connection between school and the world of work and 2) plan for and make successful transition from school to postsecondary education and/ or the world of work and from job to job across the life span.</p>
<p><u>Social/Emotional Development</u></p>	<p>Standards guiding school counseling programs to help students manage emotions and learn and apply interpersonal skills.</p>

Category 1: Mindset Standards

School counselors encourage the following mindsets for all students.

Mindset Standards are as follows:

- | |
|---|
| 1. Belief in development of whole self, including a health balance of mental, social/emotional and physical well-being. |
| 2. Self-confidence in ability to succeed. |
| 3. Sense of belonging in the school environment. |
| 4. Understanding that postsecondary education and life-long learning are necessary for long-term career success. |
| 5. Belief in using abilities to their fullest to achieve high quality results and outcomes. |
| 6. Positive attitude toward work and learning. |

Alignment of ASCA Domains, Mindsets and Behavior Standards

Category 2: Behavior Standards
