

Setting up your Actiontec with a Windows 10 Device

Connecting for the first time:

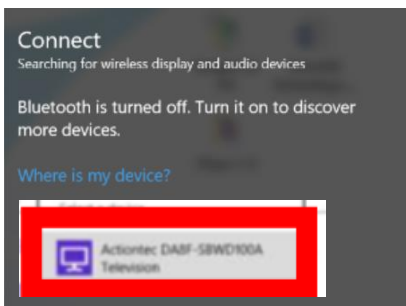

- 1) Select the *Action Center* icon located on the right side of your task bar.

- 2) Click on the *Connect* quick action tile.

- 3) From the *Connect* screen select the Actiontec receiver.

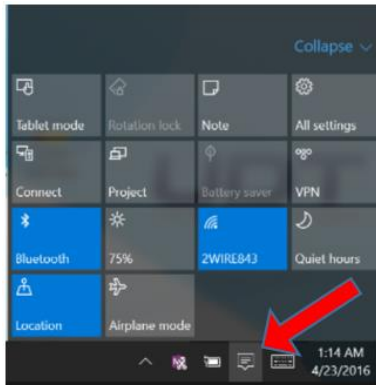

- 4) A PIN entry box is displayed on the screen and a PIN entry countdown on the monitor. Enter the PIN and then click *Next* to continue. The password should be site location (4 digits), room number (3 digits), and a random number (1 digit).

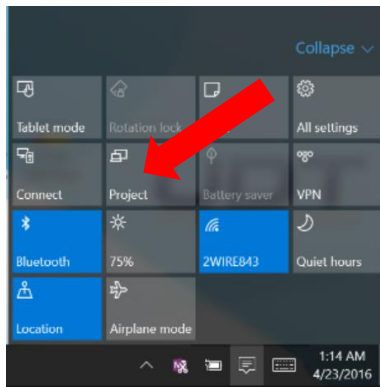

Display Mode:

- 1) Select the *Action Center* icon located on the right side of your task bar.

- 2) Click the *Project* quick action tile.

- 3) Select the desired display mode from the options.
