

# Windows 8.1 Vs. Windows 10: Quick Guide

## WINDOWS 8.1

### M-DCPS Home Screen

The M-DCPS home screen looks the same on Windows 8.1 and Windows 10.

## WINDOWS 10

### Dadeschools Login Screen

The Windows 10 login screen has a different look but login procedures are the same as before.

### Windows Home/Start Screen

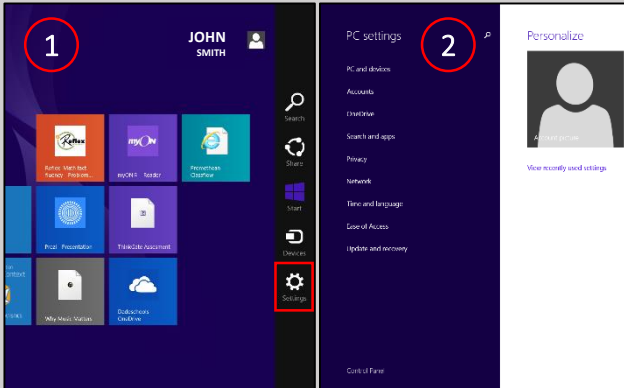

There is a task bar and Start menu icon in Windows 8, but it is on the Desktop. You have to use the Windows icon to toggle between the desktop and the Start screen.

Tap the **Windows icon** to access the Start Menu. The desktop stays pinned behind so that you never lose your task bar or Start menu icon.

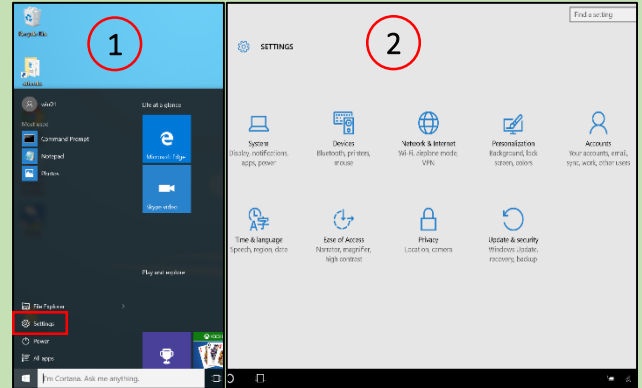

## WINDOWS 8.1

### How to Access Settings

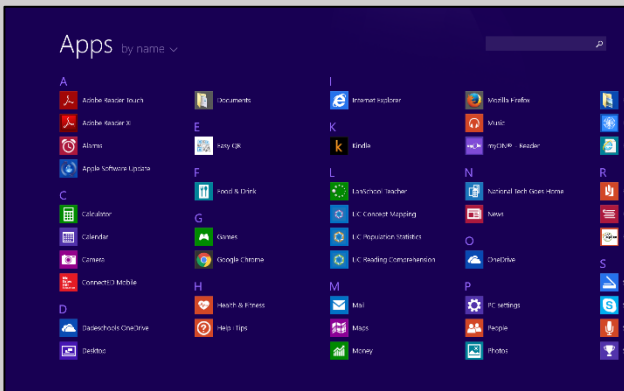

1. Swipe in from the right to bring out the Charms Bar. Select the **Settings** charm. Tap **Change PC Settings** at the bottom. 2. Your PC Settings options will appear on the left side of your screen.

## WINDOWS 10

1. Tap the **Windows icon** in the bottom-left corner to open the Start menu. Tap **Settings**. 2. Settings is now a standalone app.

### How to View All the Apps

- Swipe up from the bottom of the Windows Home/ Start Screen to view all the Apps. The Apps appear in alphabetical order and fill the screen.

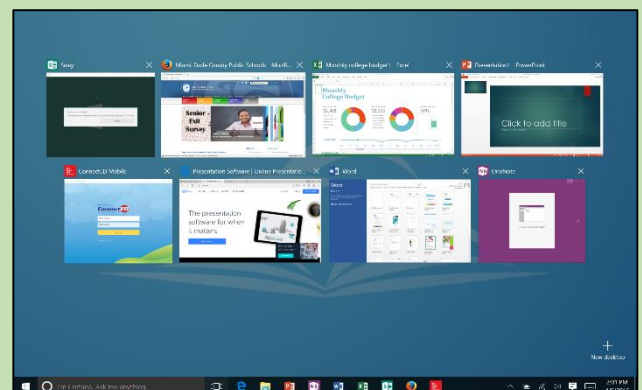

- Tap the **Windows icon** in the bottom-left corner. In the Start menu, tap **All Apps** and it will expand to reveal all installed apps in alphabetical order.

### How to View Which Apps/Programs Are Open

- Swipe inward from the screen's left edge. When the last-used app begins to appear, slide back toward the left edge; the list of recently used apps sticks to the left edge.

- Swipe in from the left to reveal Task View to see all the apps/programs that are open on the device.
