#### Manage my account:

- Update account email address
- Report Lost Device
- Change Account PIN
- Reset Voicemail Password (on phones)

#### Optional:

- Purchase Replacement for Lost or Stolen Device
- Add funds to account
- Purchase more high-speed data

Your monthly service plan has 3GB of high-speed data and then reduced speed unlimited data at up to 256 kbps while on the Sprint Network. If you want more high-speed data, you have the option to purchase a 1GB Data Pack add-on for \$5.

A data pack is separate from the data included in the monthly service plan. The data in the data pack add-on will be used before the high-speed data in your monthly service plan, should it be available. Use your data packs within 30 days of purchase. Each data pack is a one-time purchase. If you use all the high-speed data in your plan and a data pack before the 30 days are up, you can purchase additional data packs.

#### TIP:

If you are close to the end of the month on your service plan and have used 3GB of high-speed data, you may not want to purchase a data pack because you have unlimited data and you will be given another 3GB of high-speed data at the start of the next month.
